Medicare Open Enrollment 2021

Last year brought the COVID-19 pandemic, quarantines and worries, so the NC-FH AAA SHICK Team handled all Medicare Fall Open Enrollment services remotely. This year for 2021, we will have some field visits planned around our 18-county region. It's not as many days as it has been in years before the pandemic, but we are so glad to get out and see as many of you as we can this year!

Throughout Medicare Open Enrollment Season (October 15 - December 7), counselors will also be available for additional remote appointments by phone or Zoom. Some will offer in-person as well (not all, so it may be limited).

To check availability during the season, contact NCFHAAA at 1-800-432-2703 or connect with one of the SHICK Counselors listed in the directory on page \_\_\_\_\_. We are thrilled to work with you this year to help with finding the best Medicare Coverage to meet your needs!
